

# PECAN Aircraft Coordination

PECAN Planning Meeting  
12-14 March 2014

Jim Moore  
NCAR/EOL

# Planning Steps

- Develop preliminary aircraft flight plans that can be shared with the FAA
- Plans should include aircraft type, altitudes and patterns
- Contact will be made with FAA Regional Center Special Operations Coordinator
- Briefing materials and possible face-to-face meetings will be organized in advance of the deployment
  - Science rep, Operations rep, aircraft facility pilots

# Other considerations

- Eye safety with ground based lidars/lasers
